ENABLING EMERGING GROWTH

PROFESSIONAL & COST-EFFECTIVE SOLUTIONS

Optima Consulting is a young and dynamic accounting firm with a solid reputation of helping its clients navigate the complex business environment in Mozambique. We have spent the last 5 years honing our skills to understand the ins and outs of how to successfully do business in this multifaceted market. With the country being on the cusp of significant growth due to oil and gas exploration, we are sternly focused on providing world-class financial accounting and tax reporting services.

At Optima we have differentiated ourselves by delivering cost-effective solutions and high-quality services with a level of experience and knowledge comparable to that of any large accounting firm. The Optima team comprises a diverse group of local and international accountants who bring a personal touch and strive to build lasting business relationships. Our clients include multinationals as well as small and medium-sized international investors expanding their services into Mozambique. We have experience in all sectors including agriculture, tourism, FMCG, investment properties and natural resources.

INTERNATIONAL REPORTING STANDARDS AND WELL-ROUNDED INSIGHTS

Our core business is to simplify your company's financial- and tax reporting requirements, enabling you to focus your time and energy effectively. Gained from our practical experience, we offer well-rounded and advantageous insight into the Mozambican market. Optima is led by South African Director Theresa Henning, a qualified Chartered Accountant with an illustrious track record of working in Mozambique.

We deliver to international reporting standards and offer our clients a full range of services including:

- Company structure design and incorporation
- Mozambican fiscal accounting services (Portuguese), as well as management reporting to IFRS standards (English)
- Compliance setup and secretarial work – within the laws of Mozambique
- Budgeting, target development and monitoring
- Mozambique fiscal and other statutory reporting
- Compilation of financial statements in compliance with IFRS
- Financial feasibility studies
- Development and review of internal control procedures
- Financial offshore reporting in accordance with IFRS requirements

BENEFIT FROM OUR TURNKEY SOLUTION

As a Mozambican corporate citizen, your business has to comply with Mozambican tax and statutory requirements. However, the continuous change in legislation of this emerging economy often places a large burden on management teams. At Optima we strive to ease this burden by providing a one-stop solution to ensure overall compliance to local requirements, whilst at the same time delivering reporting which is equal to international standards.

Our one-stop solution includes:

- Monthly accounts processing in line with local tax requirements
- Review and preparation of monthly management reports by a qualified Chartered Accountant
- Regular consultation and advisory services
- Payroll and human resource management
- Monthly tax and statutory (payroll etc.) submissions

OVERCOME LANGUAGE AND BUSINESS BARRIERS

The Optima team is persistent in their objective to do better business in Mozambique. Our methods of working, often requires breaking down language barriers and navigating bureaucratic systems. We are highly experienced at offering a better understanding of the Mozambican tax and statutory system, while at the same time bringing alternative options and solutions to the table. Coupled with our financial and technical knowledge, we provide strong and practical leadership to help you succeed.
